France – ILA partner nation in 2018

ILA PARTNERLAND 2018

A PARTNERSHIP OF EXCELLENCE

France is a global aerospace leader. With annual revenues of 60.4 billion Euro, about 187,000 workers and an export share totaling 86 percent, the industry serves as one of the nation's most vibrant economic sectors.

ILA Berlin is pleased to welcome France as both a strong partner and this year's largest exhibiting nation. The partnership represents the next milestone in the history of successful cooperation between France and Germany in the civil and military aerospace industry.

TRADE VISITORS AT ILA 2018

HIGHLIGHTS

Discuss new projects with partners in the morning, join a discussion about electric aircraft over lunch, and then it's off to a meeting with representatives from the ministry. End the day with a bit of networking at one of the many receptions. And while you're at it, learn the latest about the future of aerospace. You can do this and much more at ILA Berlin. The trade fair showcases the industry's top innovations – both in the comprehensive exhibition program, with a variety of networking tools and in the first-rate ILA conference program.

SPACE

**SPACE: IT'S ALL AROUND US AT ILA BERLIN.
LIKE NO OTHER EXHIBITION.**

Space is about the investment into the future. In today's digitized world, space offers a growing international market with networks that go beyond borders. That's why international contacts are more important than ever before. ILA Berlin brings together the global space community.

GET IN TOUCH BUSINESS AREA

**TOUCH BASE WITH CONTACTS – IN A
RELAXED, INVITING SETTING.**

In 2018, ILA offers yet another benefit: With the Get in Touch Business Area, trade visitors can meet with exhibitors in a relaxed environment to discuss projects. The area is available free-of-charge, and seats can be reserved in advance.

DEFENSE & SECURITY

**DEFENSE NEEDS A STRONG INDUSTRY
BEHIND IT. AT ILA BERLIN, THE SECTOR SHOWS
WHAT IT'S MADE OF.**

Cybercrime, asymmetrical warfare, terrorism – policymakers are continually confronted with new threats. At ILA Berlin, the defense industry and military show how they protect countries.

ILA FUTURE LAB

**EXPERIENCE THE FUTURE UP CLOSE – AND JOIN
THE DISCUSSION IN THE ILA FUTURE LAB.**

See tomorrow's innovations today at the ILA Future Lab. Organized by the German Federal Ministry for Economic Affairs and Energy (BMWi) together with the German Aerospace Industries Association (BDI), the ILA Future Lab probes the big picture issues that will dominate in the future, such as digitalization, disruption and sustainability. With its focus on the major topics of the future – no other airshow offers this fascinating, one-of-a-kind format.
